

SOLVENT FREE DEGREASER

Anglo Solvent Free Degreaser is a powerful, highly effective bio-degradable degreasant with all the advantages of a solvent free formulation.

Anglo Solvent Free Degreaser has been specially formulated to remove oil and grease from concrete and masonry type floors where sensitivity to solvent odours from traditional degreasants may be a problem. It can also be used to remove grease and oil from the surface of asphalt.

- **Solvent Free**
- **Odourless, idea for use in sensitive areas or where ventilation is limited**
- **Non toxic**
- **Non flammable**
- **Removes oil and grease quickly**
- **Eliminates the need for a second stage cleaner**
- **Degrease and cleans machinery**
- **Easy to use**

**SOLVENT
FREE**

APPLICATION

FLOORS

Brush in undiluted Anglo Solvent Free Degrease with a stiff broom. Leave for 5-10 minutes for penetration, then scrub with a stiff broom or mechanical scrubber. Rinsing with clean cold water will float away oil and grease.

MACHINERY

Liberaly coat oily and greasy parts, using a soft brush. Leave for 5-15 minutes according to hardness of oil or grease, then rinse well with clean cold water.

WARNING

Protect materials that might be attacked or must not become wet. Anglo Solvent Free Degrease is bio-degradable, but a mixture of the Degreaser, oil and grease should not be allowed to enter rainwater drains or open water courses. The mixture can be removed from the floor using a wet vacuum and disposed of as chemical waste.

COVERAGE

Varies widely according to conditions but 4m² per litre may be used as a guide.

SAFETY

All product labels provide general safety information. Material Safety Data sheets are available. Food products must be removed from the area during use.

AVAILABILITY AND ORDERING

Available in 5 litre packs from stockist throughout the UK. All Anglo products are sold subject to the Company's Standard Conditions of Sale. The Company and its representatives are often asked to comment on its potential uses of Anglo products which differ from those described in the Company's data sheets.

Whilst in such cases the Company and its representatives will always try to offer helpful and constructive advice, the Company cannot be held responsible for the results of such uses unless they are specifically confirmed in writing by the Company.

All information is based on results gained from experience and testing and is believed to be accurate, but it is given without acceptance of liability for loss or damage attributed to reliance thereof as conditions of use lie outside our control.

For further information or to place an order please telephone our Technical Sales Department on 01902 712286.
